

Who to contact?

Coordinator

IVF Industrial Research and Development Corporation

Mr. Max Maupoix phone: +46-31-7066193
e-mail: max.maupoix@ivf.se

Ms. Ann Magnusson phone: +46-31-7066050
e-mail: ann.magnusson@ivf.se

Partners

Stenbeis Europa Zentrum

Dr. Jonathan Loeffler phone: +49-721-9351912
e-mail: loeffler@steinbeis-europa.de

Ms. Claudia Stöhrle Phone: +49-721-9351911
e-mail: stoehrle@steinbeis-europa.de

Welsh Development Agency

Mr. Dafydd Roberts phone: +44-1745-586225
e-mail: dafydd.Roberts@wda.co.uk

MATIMOP

Mr. Chanan Shiloh phone: +972-3-5118143
e-mail: chanan@matimop.org.il

Mr Yacob Cohen phone: +972-3-5118105
e-mail: kobi@matimop.org.il

MSI – Institute of the Lithuanian Scientific

Mr. Kestutis Naudzius phone: +370-5-2313762
e-mail: kestutis@pfi.lt

CECCP

Dr Marco Mangiantini phone: +39-011-6700632
e-mail: cst.mm@ceccp.org

Mrs Katia Costa phone: +39-011-6700625
e-mail: cst.kc@ceccp.org

HELP-FORWARD Network / Diktyo PRAXI

Mr Vangelis Argoudelis phone: +30-210-3607690
e-mail: Vangelis@help-forward.gr

Dr- Vassilios Tsakalos phone: +30-210-3607690
e-mail: irc@help-forward.gr

The

MisMec

Network

Support SMEs in Mechatronics sector to join FP6

A Specific Support Action
funded by the
European Commission
DG Research

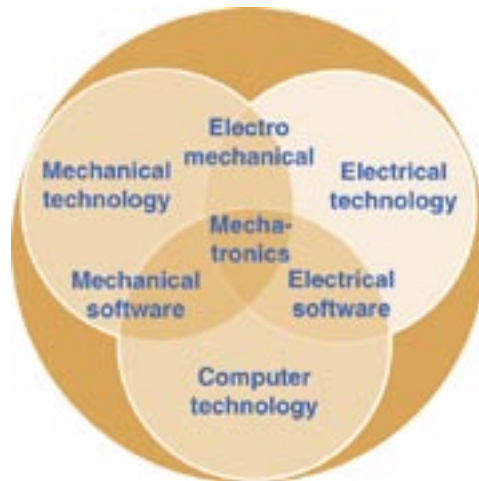

Economical and
Technological
Intelligence Programme

Main Thematic Priorities in FP6

- **IST** – Information Society Technologies
- **NMP** – Nano-technologies and nano-sciences, knowledge-based functional materials, new production processes and devices
- **A&S** – Aeronautics and Space
- **Sust Dev** – Sustainable Development, Global Change and Ecosystems

- Mechatronics – combination of technology sectors focusing on the process of bringing SMEs in different sectors with different expertise together

www.mismec.nu

The MisMec Network objective is to:

- To support small and medium size companies (SMEs) to take part in proposals and on-going projects of the 6th EU Framework Programme for Research and Technological Development (FP6)
- To provide information on calls, how to write a proposal, how to join a project (e.g. large Integrated Projects and Networks of Excellence)
- To assist SMEs to join as coordinators, research partners and end-users
- To support new and on-going project looking for partners, to find SMEs with the right expertise

www.mismec.nu

The MisMec targets during a period of 3 years are:

- To assist at least 270 SMEs leading to participation in at least 70 FP6 project proposals, of which:
 - 230 SMEs will participate in 50 proposal submissions to new and on-going IPs and NoE
 - 40 SMEs will participate in 20 proposal submissions under other instruments
- To develop working practices that will facilitate networking provided by European intermediaries working with participation of SMEs in FP6
